UNITED STATES INTELLIGENCE BOARD

COMMITTEE ON DOCUMENTATION

MEMORANDUM FOR: Committee on Documentation

SUBJECT: Inventory of Community Files on Foreign Institutes,
Laboratories, Universities, Schools or Similar Scientific,
Technical or Educational Organizations

1. In response to current consumer needs and to obviate overlapping files within the office itself, the Office of Central Reference (OCR) of CIA is considering the establishment of a dossier file containing comprehensive information on foreign institutes, laboratories, universities, schools or similar scientific, technical or educational organizations. This register would include targeting or "real-estate" information, biographic information, organizational affiliation or subordination, etc.

2. To determine Community interest in such a special file, and more particularly to avoid duplicating work possibly being done elsewhere, the attached questionnaire was developed to identify existing files or customer interests. Your cooperation in filling out the attached, to reflect so far as possible your organization's total holdings on this subject, is strongly urged and will be greatly appreciated.
